

SITUATION IS GROWING STRAINED

Foreigners Are Warned
Against Showing Partial-
ity in Chinese Troubles

THE BRITISH WAREHOUSE

At Shanghai Has Been Looted by a
Native Mob—Situation
Critical.

Shanghai, Nov. 10.—Despite all the
efforts to prevent it an anti-foreign
sentiment began distinctly to mani-
fest itself among the Chinese rebels
today.

Mutterings are heard on every hand
that American and European resi-
dents of the treaty ports are showing
partiality for the Imperialists and
savage threats are beginning to be
made of the vengeance the revolu-
tionists will exact if the aliens do not
observe the strictest neutrality
throughout the present struggle.

At Tien Tsin the situation is es-
pecially strained. The consular body's
insistence that Gen. Chang Shao-
tsun's force remain outside instead
of occupying the city as a preliminary
to an advance upon Peking, is ex-
tremely provoking to the rebels. Although
so far as foreigners know, General
Chang who was originally an Imperial-
ist army officer has never definitely
gone over to the revolutionists the
rebels seem confident that he sym-
patizes with them and violently re-
sent the protest entered by the con-
suls the moment the general notified
them of his intention to make Tien
Tsin the temporary headquarters of
the army which has followed him
from Lanchow on the march to
Peking.

The consuls objection that the en-
trance of the Lan-Chow troops into
the city would almost certainly lead
to fighting between them and the
Manchu soldiers there would be bet-
ter received by the rebels were they
not pretty clear evidence of the truth
of their charge that while General
Chang's followers are discriminated
against the admission of government
forces has been winked at, in viola-
tion of the protocol of 1910 and that
trains have been furnished by foreign
railroad officials in compliance with
the government's request at the same
time that similar requests from Gen
Chang were being disregarded.

Even here where in general the
rebels have been maintaining excellent
order since the city fell into their
hands the looting of the British war-
house from which the guard had been
driven by a native mob, is regarded as
having been a most alarming symp-
tom of the revolutionary weakness
grip upon the masses of their follow-
ers.

The Manchu leaders in Peking, it is
beginning to be believed, have made
up their minds that Southern China is
hopelessly lost to the throne, but to
be planning for a last ditch fight in
the north. Being native to this part
of the country the dynasty will prob-
ably be able to oppose the revolution
more successfully than in the pro-
vinces where it has represented a
race of alien conquerors and may
succeed in holding its own for a time.

Peking, Nov. 10.—The excitement
over the impending fall of the capital
has apparently reached its height
and shows no abatement. The streets
are crowded with people waiting for
developments, while carts containing
passengers and goods jam the road-
ways.

The emperor, in care of the dow-
ager empress, escaped from the pal-
ace and is now well on the road to
safety. The dowager empress and
the emperor are said to have been

placed in a common cart, and, with
household goods piled around them,
passed through the streets unnoticed.
Government officials state that the
baby emperor is still in the palace,
but this is not believed by the dip-
lomats.

Residents of the Forbidden City
have taken in great stores of rice
and other supplies during the day
and are preparing for a siege. The
almost constant marching of bodies
of troops as they are moved from
one point to another, to better pro-
tect the city in case of an assault,
adds excitement to the stirring
scenes.

One of the late rumors is that two
transports with 300 troops equipped
for field service, left Yokohama,
Japan, yesterday, bound presumably
for North China.

Fifteen hundred infantry and 500
cavalry of the Manchurist Division,
who fled from Suifu Chuang after
the assassination of General Wu,
have arrived in Peking and have
been added to the garrison now
guarding the imperial palace.

General Chang, commanding the
Twentieth Division, who has been
recognized as the head spokesman of
the Army League, resigned from the
imperial government today. His resig-
nation is another unexpected com-
plication. He has been confidently
counted on by the government to
come to Peking and co-operate with
Yuan Shih Kai in a last effort to
save the dynasty. He is understood
to have resigned because he could not
secure the support of his officers in
an attempt to save the throne.

The French consul at Mukden has
telegraphed his resignation here that
the viceroy of Manchuria has disap-
peared. If there is any disaffection
in that far northern province govern-
ment circles here profess ignorance
and make no comment on the disap-
pearance of the viceroy.

Chinese troops at Changchun have
mutinied. It is feared that this ac-
tion will precipitate a conflict with
both Russia and Japan.

The developments of the last few
days indicate beyond cavil that the
revolutionists have the upper hand,
and that the movement will end only
with the establishment of a Chinese
republic.

The foreign legations announce
that they have arranged ample pro-
tection for foreigners and anticipate
no danger.

The officers of the British legation
are preparing to exercise their right
of guarding the railroad from Peking
to Tien Tsin.

The most serious consideration is
the temper of the loyal Manchurist
troops. It is feared by the Chinese
that the Manchus will precipitate a
conflict. The Chinese in Peking
greatly outnumber the Manchus, but
there are in the neighborhood of 25-
000 Manchurist troops near the city.

The acting premier, Prince Ching,
made the statement yesterday that
the Manchus did not intend, if be-
sieged, to defend Peking.

The scarcity of provisions at
Amoy threatens to result in an out-
break. Most of the city's supply
junks were captured yesterday by the
river pirates, the entire crew of one
being massacred, and it will be sev-
eral days before other boats can be
out into service.

The American cruiser Albany has
arrived at Amoy.

Revolting troops at Anhui burned
the magistrate's yamen and the pro-
vincial custom house.

Peking in the north and Nanking
in the south are the only remaining
strongholds of the Manchus in the
empire and their lease on existence
gives promise of an abrupt and sud-
den termination.

Foochow, the capital of Fokien
province, was turned over to the
revolutionists after brief fighting.

The capitulation of Wuhu is hour-
ly expected.

At all places no harm has come
to foreigners. The Manchus still
hold Nanking, but they are unnum-
bered by the revolutionists, who are
awaiting annihilation and re-en-
forcements before renewing the at-
tack. The Americans, Germans and
British have landed marines at Nan-
king to protect the foreigners
should the emergency arise.

The situation becomes increasing-
ly serious in Shanghai. All vestige
of government by the Imperialists
has disappeared and the consuls are
not yet empowered to recognize the
revolutionists, who have now been in
control of the city for a week. Order
is being maintained except in one or
two outlying sections, where there
has been some looting.

No marines have been landed at
Shanghai, the consuls deeming such
a step unnecessary under present
conditions.

The revolutionists hold all the tel-
egraph offices in the lower Yangtze
Kiang Valley and several of these
offices have been closed. Their man-
agers pocketed the receipts and dis-
appeared.

The Imperial government is re-
ported without funds. This is a seri-
ous menace, because unless the
masses of the people see that money
is forthcoming, anarchy may result.
The soldiers themselves will revolt
if their wages are not paid.

The entire situation in the valley
is farcical. The greatest danger
arises over the fear that hordes of
hungry paupers will constitute an ir-
responsible commune.

WORLD'S OLDEST CAT
IS DYING AT 32.
Lowell, Mass., Nov. 10 —
Tolla Mew, the oldest cat in
the world, is dying at the home
of its mistress, Miss Frances
Robinson of this city. The cat
has been in Miss Robinson's
family for 29 years and is 32
years of age.

"DUCHESS" IS TAKEN TO PRISON

Figured Prominently in
English Society and
On Continent

A GIGANTIC SWINDLER

Whose Operations Ran Into
the Hundreds of
Thousands.

London, Nov. 10.—The "amazing
duchess" today began the 4-months
term in jail to which the London
sessions sentenced her late yesterday
for obtaining money under false pre-
tenses.

"The amazing duchess," as she
only began to be called following her
arrest several weeks ago on a charge
of defrauding several hundreds of
people out of money to an amount
running altogether into the hundreds
of thousands of dollars, figured
prominently in English society for a
long time as the Duchess Adelaide de
Villano. She is a handsome woman,
of about 40, and during the heyday
of her career was celebrated for the
glacial quality of her haughtiness
and for the mercilessness of her snubs,
though she could be gracious enough
when it pleased her.

Though she professed to have
three palaces, she chose to live at
a fashionable hotel, surrounded by a
small army of servants and accom-
panied everywhere by an immaculate
young man who acted as her private
secretary. She went everywhere and
knew everyone worth knowing, both
in England and on the continent.

As a matter of fact, as was
brought out at her trial, the duchess
has been a swindler for years, and
was sentenced in France in June,
1908, to 19 months' imprisonment.

Her career began with her elopement
with a rich young lieutenant
from her husband, an army officer in
India, on whose income it was im-
possible for her to live in the style
she demanded. Her husband divorced
her and she was married to the lieuten-
ant, who in turn left her on ac-
count of her behavior at Monte
Carlo.

Later she became the wife of a
young man posing under the bogus
title of Duc de Villano. Husband No.
3 had no income, so the "duchess"
organized a gang of marriage bro-
kers, and advertised as a woman of
title for European and American
young men ambitious to be admit-
ted into English society.

The police say she actually did
marry a few young women to im-
pudent noblemen, but most of her
clients were dropped as soon as they
were tired of furnishing her with money.
All this time society never
doubted the "duchess" genuine-
ness.

Her downfall came with her pri-
vate secretary's arrest for paying
bills with bogus checks. The duchess'
arrest followed. The secretary
was acquitted.

CONGRESSIONAL COMMITTEE AT ST. LOUIS

Hon. Wm. A. Ashbrook left for St.
Louis Tuesday, where the congres-
sional committee investigating the
postoffice department, of which he is
chairman, will hold a two weeks' ses-
sion.

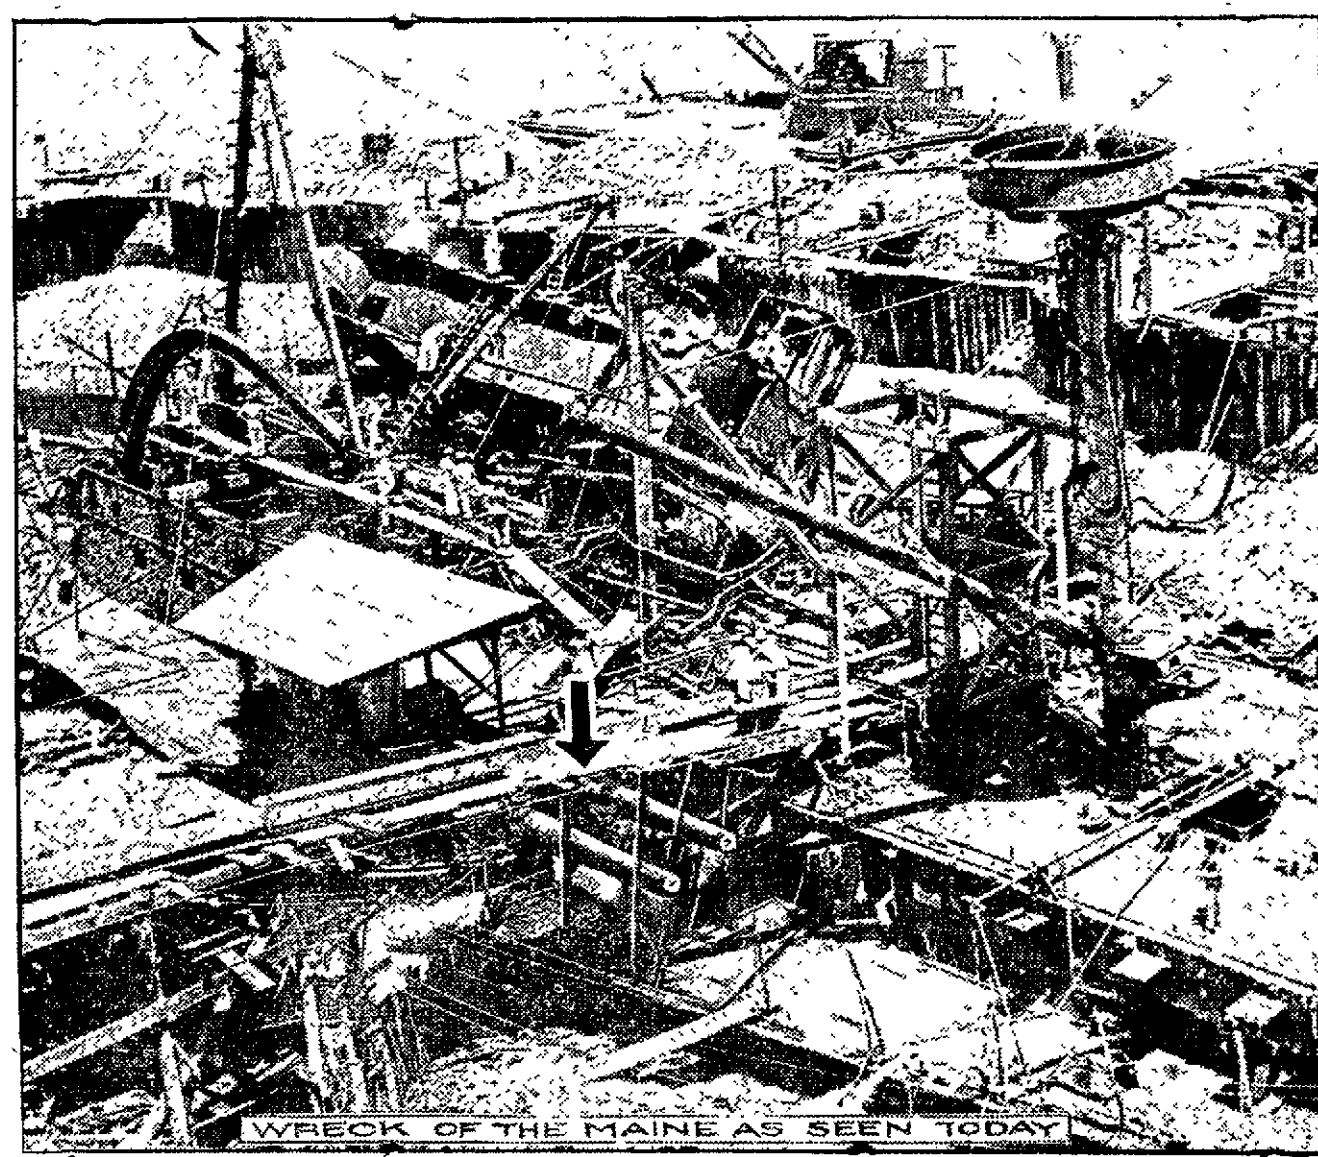

SNOW IN DEADWOOD.

Deadwood, S. D., Nov. 10.—A cold
wave hit western South Dakota yester-
day, the temperature dropping to
zero. Snow fell today.

WANT PEOPLE TO SELECT MAN FOR PRESIDENCY

Washington, Nov. 10.—In a spir-
ited letter mailed today by Walter L.
Houser, chairman of the Progressive
Republican campaign committee to
all governors, lieutenant governors,
and speakers of the lower houses of
state legislatures, the question is
raised whether the voters of the party
shall name the nominee for presi-
dent at the 1912 convention. Houser
quotes a resolution adopted by the
conference of Republican progres-
sives at Chicago recently and urges
that the people be given the right to
express their choice for president.

WRECK OF THE BATTLESHIP MAINE WILL SOON BE RAISED AND TOWED FROM HAVANA

Havana, Nov. 10.—The wreck of the
battleship Maine has been nearly
cleared from mud, both inside and out.
As the work of clearing has progressed
the tremendous force of the explosion
that destroyed the vessel is more
clearly seen. Great portions of the
wreck are merely twisted masses of
steel and bear no resemblance to a bat-
tleship. Heavy steel armor was torn
and twisted like a tin can over which
a trolley car wheel has passed. While
it is possible that a considerable por-
tion of the boat can be floated, much
of it must be cut away and removed.

TO DELAY OCEAN FLIGHT A YEAR

New York, Nov. 10.—The airship
Akron probably will not attempt the
trans-Atlantic flight until next year.
This decision was announced after a
conference between Melvin Vaniman,
of Atlantic City, and F. A. Seberling,
of Akron, Ohio. The reason given is
that the preliminary flight of last
Saturday demonstrated the necessity
of installing a third engine, as origi-
nally planned.

To do this work and make other
minor changes suggested by Satur-
day's flight, it was expected probably
will delay the next trial flight until
December, a period when weather
conditions are likely to be adverse, mak-
ing it impracticable to attempt the
initial over-ocean flight this year.

SIX ARE DEAD; TWO MISSING

Punxsutawney, Pa., Nov. 10.—Six
miners are known to be dead and two
missing as a result of an explosion in
the Adrian mine of the Rochester and
Pittsburg Coal and Coke Co. The
bodies of six, all foreign, were recov-
ered early today and the crew of the
mine rescued from Pittsburgh is
searching for Mike Dehannin, 32, and
Paul Siniski, 45, the missing. It was
reported yesterday that all miners
were safe although six were injured,
but a search of the mine in an effort
to determine the cause of the explo-
sion proved this to be untrue.

LEAVES STAGE TO TRAIN FOR BOUL

Chicago Nov. 10.—Johnny Coulton, the
bantam champion today deserted the
stage and began to train for the bout
in which he will participate during the
coming winter. Johnny's first fight
scheduled for Nov. 15, at Johnstown,
Pa., has been postponed until the latter
part of the month. It may be trans-
ferred to Youngstown, Ohio.

MABRAY OUT ON BOND.

Des Moines, Ia., Nov. 10.—J. C.
Mahray, head of the gang of sporting
event swindlers, was released from
the Polk County jail on a \$2,000
bond yesterday. He is awaiting trial
on 23 indictments.

BANK'S AFFAIRS WOUND UP.

Norwalk, Ohio, Nov. 9.—The af-
fairs of the defunct Norwalk Savings
Bank Company of Norwalk, were
wound up yesterday by the trustees
selling valuable real estate to the
highest bidder. The property sold
to the Cleveland Trust Co., for \$46-
000.

A SERIOUS CHARGE

Xenia, O., Nov. 10.—On a charge
of tampering with a ballot box in
last Tuesday's election, Philip Mat-
thews, Republican election judge, and
William Cosby, election clerk, were
arrested today. They were held to
the grand jury under \$1000 bonds
each.

TWO-HEADED CALF JAILED.

Pittsburg, Nov. 10.—A two-
headed calf matched her tan-
dem brain against the com-
bined intellects of eight police-
men yesterday afternoon before
she was landed in a cell at the
Forty-third street police sta-
tion.

The freak was sighted near
Schoenberger Park, and one po-
liceman, who gave chase, had
to give it up, and re-enforce-
ments hurried to his aid.

The seven heard with disgust
the first fellow's talk about a
two-headed calf, and called him
many short and ugly names.

Finally, the thing was sight-
ed and, after an hour's chase,
was lassoed and arrested.

The owner of the freak has
not been found.

OBJECTED TO "SISSY."

Lima, O., Nov. 10.—Lawrence Ste-
lmer, a 10-year old school boy, at-
tempted suicide because playmates
called him a "sissy."

He tied a handkerchief tightly
around his neck and was slowly cho-
king to death when his plight was dis-
covered.

FOUNDER OF A. P. A. DEAD.

Clinton, Ia., Nov. 10.—Colonel
Henry Francis Bowers, founder and
for six years, president of the Ameri-
can Protective Association, died here
suddenly yesterday, aged 74.

ELEPHANT

Dies at New York Hippodrome at
Age of 150—First Pachyderm
Brought to America.

New York, Nov. 10.—Carric, the
oldest and largest performing ele-
phant at the hippodrome, died yester-
day of pneumonia.

She was the first elephant ever
brought to the United States and ap-
peared first with the old John Rob-
inson circus, noted half a century
ago. The dead elephant was more
than 150 years old.

Carric was larger than Jumbo in
bone structure. Her weight was six
tons and she consumed 400 pounds
of hay and grain mash daily.

TRAINS ARE TIED UP BY BLIZZARD

Minneapolis, Nov. 10.—With the
thermometer down to 14 above zero
today and the wind puffing icy blasts,
Minnesota got its first touch of win-
ter. North Dakota and Montana are
today swept by a blizzard and western
trains are from six to ten hours
late.

Enreika, Mont., reports trains de-
layed by two feet of snow.

The temperature at Fargo, N. D., is
little above zero, while western Can-
ada has two days fall of snow. The
blizzard is moving southeast.

WOULD ABOLISH COMMERCE COURT

Washington, Nov. 10.—Great impetus
was given the movement of Represen-
tative T. W. Simms, Democrat, of
Tennessee, to abolish the United
States court of commerce today fol-
lowing the action of that court in
again reversing the interstate com-
merce commission, this time setting
aside the result of ten years work by
western cities to gain reductions in
railroad rates. The repeated actions
of the commerce court in overruling
the interstate commerce commission
in refusing to allow reductions in
railroad rates granted by the commis-
sion has developed an acute situation.

Members of congress now realize that
the court and the commission are at
sword's points and that the court ap-
pears to nullify the commission it is
allied with the net result of nothing
gained at enormous expense. The
Simms bill provides for the repeal of
the act regulating the commerce court
which would wipe it out of existence.

WOULD "COP" BIG LEAGUE STARS FOR OUTLAW CIRCUIT

Chicago, Nov. 10.—That the battle
for the services of Orvie Overall, for-
mer Cub star is the entering wedge
for the formation of outlaw league on
the Pacific coast was reported here to-
day as the reason for the visit here of
Cal J. Ewing, owner of the Frisco club
in the Pacific Coast League. The mag-
nates who are promoting the new
league, it was said, plan to "cop on"
some of the stars of the two major
leagues, pay them enormous salaries
and "clean up" at the expense of the
Pacific coast authorized organization.

PROVIDED FOR TINY CHAPEL

Coshocton, Nov. 10.—Mrs. Ann
Royer, who died last week, left the
tiny chapel at Willis Creek, estab-
lished in memory of her husband and
daughter, well provided for. The
chapel is said to be the smallest
structure in the world used for Cath-
olic worship. Mrs. Royer erected
the chapel near her home, that she
might worship daily at the altar and
offer prayers for her deceased rela-
tives. Her will also leaves \$1100
to Columbus and Zanesville hos-
pitals.

DEDICATE LINCOLN TEMPLE

President Taft the Prin-
cipal Speaker of the
Day at Hodgenville

10,000 PEOPLE PRESENT

Chief Executive Tells of the
Rapid Rise of the Great
Emancipator.

Hodgenville, Ky., Nov. 10.—In a
drizzling rain 10,000 persons from
all sections of the nation assembled
yesterday at the Lincoln farm, near
here, to take part in the dedication
of a granite temple, which enshrines
the cabin in which Abraham Lincoln
was born, 102 years ago. The skies
cleared, however, shortly before
President Taft was introduced as the
principal speaker of the day.

The president noted the appropri-
ateness of the memorial on the Lin-
coln farm, and continued:

"Few men have come into public
prominence who came absolutely
from the soil, as did Abraham Lin-
coln. It is difficult to imagine the
lack of comfort, accommodation, and
the necessities of life that there were
in the cabin in which he was born.
With an illiterate and shiftless fat-
ter, and a mother, who, though of
education and force, died before he
reached youth, his future was dark,
indeed. In the stepmother that his
father found for him, however, he
had a woman of strength of charac-
ter and of education enough to as-
sist him.

"Lincoln's lack of advantages for
study and the persistency with which
he kept up his reading were touched
upon and the president continued,
saying:

"The almost squalor in which he
passed his early life made him fam-
iliar with the sufferings, thoughts and
sympathies of the plain people; and
when he came to great power, his
understanding of their reasoning and
of their views gave him an advan-
tage in interpreting their attitude
which cannot be overstated.

"His evident sympathy for the col-
ored race, his aroused sense of jus-
tice in their behalf, his earnest pas-
sion to secure them freedom and
equality of opportunity, had their
inspiration in the sufferings and
limitations of his own early life.

"He was not slow, but he was
cautious, deliberate, attentive, as be-
fitted one who insisted on establish-
ing every proposition that he ad-
hered to by original reason from funda-
mental postulates. The lucidity and
clearness of his thought manifested
itself in the simplicity, directness
and clearness of his style. He had
imagination and he loved poetry. He
had the rhythm of language, and,
though purely self-educated, these
circumstances developed a power of
literary expression that the world,
and especially the literary world,
has come fully to recognize and en-
joy.

"He was a lawyer, and a good one.
He studied his cases hard and he
prepared his arguments with the
force and clearness that might have
been expected from one of his men-
tal makeup. His mind was lumin-
ous with truth. His conscience was
governed by devotion to right and
the tenderness of his heart was only
restrained by his intellect and his
conscience.

"The story of his dealings with
McClellan, and with others unconsci-
ous of the great genius and heart wit-
ness whom they were in personal con-
tact with, is a sympathetic reader
arouses a protest that vents it
self in contempt toward many of
those who surrounded him and yet
did not measure the great nature
they were privileged to know. The
diary of his cabinet officers shows
how under his very nose, gener-
ally with his clear perception of it,
political combinations were formed
only to be dissolved and fall ham-
less through the patient tact of this
master of men, this greatest of dip-
lomats.

"With no knowledge of military
strategy, he developed out of his own
study, clearness of perception and

HID MONEY IN STOVE AND BANK ROLL BURNS UP

Cleveland, Nov. 10.—James Carr,
60, a mill worker, lost \$1419, the
savings of a life time, when a fire
was started in the stove in which the
money had been hidden.

The failure of a bank in which
part of his money had been placed
induced him to hide his savings in
the stove. Mrs. Carr forgot and set
fire to rubbish in it.

HOW TO SUCCEED

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years we have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it, free of cost, before purchasing.

It is a physician's prescription. They have on file thousands of letters received from former sufferers who are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper. They will gladly forward you a sample bottle by mail, absolutely free.

Regular sizes for sale at all druggists—fifty-cents and one-dollar.

Even in politics time heals most things, except the healer.

A perfect man is merely one who is willing to acknowledge his faults.

The Middleman

Is the fellow who stands between the man that raises it or makes it and takes a big profit for wrapping it up and passing it on to the man who eats it, or wears it.

He adds absolutely nothing to the potato, egg, head of cabbage or pair of shoes he handles—except extra cost for the consumer.

Reducing the high cost of selling; bringing producer and consumer nearer together and cutting out the unnecessary middleman is the immediate and practical way of reducing the high cost of living and the American people are getting wise.

The WEAR-U-WELL Shoe Co. makes in its own factories every pair of shoes it sells and sells every pair it makes direct to you through its own distributing branches.

When you buy at the WEAR-U-WELL Branch in your city, you buy at the factory door and pay not a cent of tribute to the middleman. It's the progressive idea in business, the electric motor against the stage coach.

WEAR-U-WELL high-grade Goodyear Welt Shoes for men:

\$1.98--\$2.48--\$2.98

For the same kind you pay \$3.00, \$3.50 and \$4.00 when you buy through the middleman.

OFFICIAL REPORT
OHIO DEPARTMENT
OF AGRICULTURE

The following report is computed from returns received from the official correspondents of the department:

Wheat—Area sown last fall returned by township assessors, 2,321,339 acres; sown this fall compared with last year, 94 per cent; estimated area seeded for harvest of 1912, 1,915,758 acres; condition compared with an average, 96 per cent; average date of seeding, October 3.

Alfalfa—Area in 1910 returned by township assessors, 23,477 acres; area compared with last year, 83 per cent; estimated area in 1911, 20,700 acres; total tons produced per acre from all cuttings, 3.8; total estimated product for 1911, 77,999 tons; number of cuttings this year, 3.

Rye—Area sown last fall returned by township assessors, 66,663 acres; sown this fall compared with last year, 94 per cent; estimated area seeded for the harvest of 1912, 62,584 acres; condition compared with an average, 96 per cent.

Corn—Prospect compared with an average, 80 per cent.

Buckwheat—Prospect compared with an average, 83 per cent.

Clover Seed—Prospect compared with an average, 50 per cent.

Potatoes—Area planted returned by township assessors, 111,704 acres; average product per acre, 73 bushels; total estimated product for 1911, 8,161,203 bushels; affected by rot, 6 per cent.

Hogs—Condition compared with an average, 94 per cent; number to be fattened compared with 1910, 91 per cent.

Ohio again records a wheat area of less than two million acres. Compared with the acreage of 1911, as reported by the township assessors, official correspondents of this department estimate that the area seeded for 1912 harvest is 94 per cent, or 1,915,758 acres. In a great measure the small acreage is attributed to excessive rainfalls at seeding time, resulting in the abandonment of many fields intended for wheat. Seeding generally was retarded, due to same cause. The average seeding date was Oct. 3. There is some little complaint of damage by fly to early sown wheat. The growing condition of the plant is estimated at 96 per cent, compared with an average. On the corresponding date one year ago condition was estimated at 102 per cent.

The report shows 20,700 acres in alfalfa. The average total production per acre from all cuttings is estimated at 3.8 tons, giving a total production for the state of 77,999 tons.

WILL PROBE INTO
SCANDAL ON DEC. 11

New York, Nov. 10.—As a result of yesterday's meeting of the National Baseball Commission in Cincinnati, a meeting will be held in New York on Dec. 11, at which time the result of the investigation into the ticket scandal of the world's series, will be announced. Members of the commission refused today to tell along what

lines the investigation will be conducted, but there is good grounds for the belief that it will be thorough. The action of the commission in deciding that in future years it will handle the sale of the tickets, meets with warm commendation on all sides.

SKIN DISEASES
QUICKLY HEALED

The Five Drop Salve is a combination of expensive healing and soothing antiseptic and medicinal oils and other ingredients carefully compounded to produce a quick and lasting cure in cases of skin diseases. It has been successfully used for fifteen years and thousands of cures prove the merit of this compound.

This preparation is now put up in 25 and 50 cent packages and sold by druggists everywhere. It is used with wonderful effect in cases of eczema, pimples, running sores, boils, wounds, burns, salt rheum, acne, ring worm, piles and many other skin eruptions. A most excellent preparation for scrofulous affections and scap humors.

The Best Remedy in the World for Piles. C. F. Ramsey, Watfield, Vt., writes: "I used the Five Drop Salve for eczema and everywhere it touched it cured. It also cured a man here whose leg from knee to ankle was all scabs and itching painfully. Ten applications cured him completely. If not obtainable in your locality send 25 cents for a package to Swanson & Co. Co., 174 E. Lake Street, Chicago, Ill., and it will be sent postpaid."

DID YOU HEAR IT?
Mr. Peter Ritzer, the butcher, was the victim of a frightful accident today, according to a report circulated about town:
"Peter Ritzer just dropped five feet into a pot of boiling water," exclaimed an excited citizen as he breathlessly rushed into the Advocate office this morning.
"That's awful. Did it kill him?" was the first question.
"No," answered the citizen, "It was pig's feet."

IRON TRADE REVIEW

Cleveland, Nov. 10.—The Iron Trade
Review today says:

Increased buying by transportation
companies and promise of a larger
volume of business from this source
have given the steel market a more
cheerful tone. There is less pes-
simistic talk as a result of the govern-
ment attack against the Steel Cor-
poration, and, while still lower prices are
noted on some finished lines, devel-
opments of the week in this market
have not been discouraging. Iron and
steel manufacturers are satisfied with
the volume of business entered on mill
books, as compared with preceding
months this year. The feature of the
week's developments was the award
of the contract to the American Bridge
Co. for the Hell Gate bridge, which
will require about 70,000 tons of
steel. This material will be rolled by
the Carnegie Steel Co. The New
York Central has placed orders with
the Pressed Steel Car Co. and the
American Car and Foundry Co. for
5,000 additional steel underframe box
cars, making a total of 7,000 cars or-
dered by this system within two
weeks. The Carnegie Steel Co. will
roll about 25,000 to 28,000 tons of
plates and other material for the
2,000 cars to be built by the Pressed
Steel Car Co. This company has also
taken 600 gondolas for the South-
ern railroad and the Standard Steel
Car Co. has received an order for
2,000 cars from the Chesapeake and
Ohio railroad. The Ritter-Conley Mfg.
Co. has received a contract for a gas
holder, to be built at Dayton, which
will require 2,700 tons of plates. One
large steel company reports that mill
orders for plates in October were
heavier than for any of the preceding
18 months. Specifications for
steel bars are heavier than at any time
this year, but extremely low prices
have been made on both steel bars and
plates, while 115c. Pittsburgh, on
structural steel is now generally
quoted. There has been a further re-
duction of \$1 a ton on wire products,
since June 30. The iron is quiet with
a total decline of \$5 a ton.
Little inquiry for forward delivery. A
sale 600 tons of No. 2 foundry at \$14,
delivered, Pittsburgh, is noted. A fea-
ture of the scrap market is the large
offerings of the railroads and other
producers. The Pennsylvania rail-
road is taking bids on about 32,000
tons. A local mill has taken an or-
der for 8,000 kegs of railroad spikes
at \$1.40, Pittsburgh.

bages will tell you that two heads

THE RICH MAN'S BURDEN

My neighbor is a millionaire, whose brow is seamed with lines of
care. His eyes are sad, his hair is gray, he seems in trouble every day.
He's always brooding, deep and hard, while I go prancing round my
yard as happy as the bumble bees that sting me with their snickers-
ness. I've noticed that as men grow rich, accumulating bones and flesh,
their carefree manner disappears, they seem distraught by doubts and
fears. I've never seen a rich man yet who didn't walk the floor and
fret. The more he likes the golden flood, the more you'll find him
sweating blood. And that is why you hear me cry that worldly riches
come too high. The simple joys are far the best—the joys by working-
men possessed, the joys that do not cost a pile—they are the ones that
make you smile. I fuss around my shack all day and chase the sor-
eyed wolf away, and curvy down my spindled plan (which doesn't trot-
ting, go "chug-chug") and paint the pump and milk the cow, and pack
in kindling for the furnace, and have more solid pleasure there than any
worried millionaire.

HOW TO BREAK A SEVERE COLD IN A FEW HOURS

Nothing else that you can take will
break your cold or end gripe so
promptly as a dose of Pape's Cold
Compound every two hours until three
consecutive doses are taken.
The most miserable headache, dull-
ness, head and nose stuffed up, fever-
ishness, sneezing, running of the nose,
sore throat, mucous catarrhal dis-
charges, soreness, stiffness, rheuma-
tic pains and other distresses begin
to leave after the very first dose.
Pape's Cold Compound is the result
of three years' research at a cost of
more than fifty thousand dollars, and
contains no quinine, which we have
conclusively demonstrated is not ef-
fective in the treatment of colds or
grippe.

Take this harmless Compound as
directed, with the knowledge that
there is no other medicine made any-
where else in the world, which will
cure your cold or end gripe misery
as promptly and without any other
assistance or bad after-effect as a 25-
cent package of Pape's Cold Com-
pound, which any druggist in the
world can supply.

Sore Feet? Never After Using TIZ—
Good-bye sore feet, aching feet,

You've never tried anything like
TIZ before for your feet. It is dif-
ferent from anything ever before

sonous exudations which bring
soreness of the feet, and is the only
remedy that does. TIZ cleans out ev-
ery pore and glorifies the feet—you
feet.

You'll never limp again or draw up
your face in pain, and you'll forget
about your corns, bunions and cal-

NEWARK BOY KILLED MAKING HIS FIRST "RUN"

A telegram was received at the
general offices of the Baltimore and
Ohio railroad this city, Friday morn-
ing, from the railway officials at
West Alexander, Pa., to the effect
that John Lombard, 25, of Newark,
had been killed by falling between
two cars, and asking that his parents
be notified. His parents could not
be located, but the railway people
succeeded in finding an uncle, a Mr.
Welsh, who is employed as a switch-
man for the Baltimore and Ohio. It
is said that young Lombard went to
Wheeling where two days ago he ac-
quired a position as a brakeman, and
that it was while making his first
run that he was killed.

A Permanent Cure For Chronic Constipation

Although those may dispute it who
have not tried it, yet thousands of
others, who speak from personal expe-
rience, assert that there is a permanent
cure for chronic constipation. Some
hardly they were cured for as little as
fifty cents, years ago, and that the
trouble never came back on them, while
others admit they took several bottles
before a steady cure was brought about.
The remedy referred to is Dr. Cald-
well's Syrup Pepsin. It has been on
the market for over a quarter of a
century and has been popularized on its
merits, by one person telling another.
The fact that its strongest supporters
are women and elderly people—the ones
most persistently constipated—makes it
certain that the claims regarding it as
a permanent cure for constipation have
not been exaggerated.

It is not violent like cathartic pills,
salts or waters, but operates gently,

without griping and without shock to
the system. It contains tonic prop-
erties that strengthen the stomach and
bowel muscles so that in time medicines
of all kinds can be dispensed with and
nature is again solely relied on.
Among the legions who testify to these
facts are Mr. Z. L. Smith, Steubenville,
Ohio, and Mrs. Genl. W. T. Wilson, 1236
Wesley Ave., Columbus, Ohio, and they
always have a bottle of it in the house,
for it is a reliable laxative for all the
family from infancy to old age.

Anyone wishing to make a trial of this
remedy before buying it in the regula-
way of a druggist at fifty cents or one
dollar a large bottle (family size) can
have a sample bottle sent to the home
free of charge by simply addressing Dr.
W. B. Caldwell, 405 Washington St.,
Macon, Ill. Your name and address
on a postal card will do.

headaches come from a torpid liver
and clogged bowels, which cause
your stomach to become filled with
undigested food, which sours and
ferments like garbage in a swill bar-
rel. That's the first step to untold
misery—indigestion, foul gases, bad
breath, yellow skin, mental fears, ev-
erything that is horrible and nauseat-
ing. A Cascaret tonight will give
you a thorough cleansing inside and
straighten you out by morning. They
work while you sleep—a 10-cent box
from your druggist will keep you
feeling good for months. Millions of
men and women take a Cascaret now
and then to keep their stomach, liver
and bowels regulated, and never
know a miserable moment. Don't for-
get the children—their little insides
need a good, gentle cleansing, too.

FINDS MISTAKE WHICH DEFEATS J. G. ENGLAND

Zanesville, Nov. 10.—The official
returns give the Democrats two more
city offices. P. A. Carr is elected
vice mayor by one vote. John Don-
ahue is elected justice of the peace
over J. G. England by 43 votes, a
mistake of 5 in his favor being
found.

Mr. England, who is managing the
Auditorium theatre in this city, takes
the matter good-naturedly. "They
have had me elected and defeated a
half dozen times," he said today.
"but I guess the last figures are
correct."

"I will continue to manage the
Auditorium and will be enabled to
devote more time than ever to the
business. I did not get a chance to
electioneer any during the campaign,
so I'm satisfied with the result and
send congratulations to my oppo-
nent. He will make a good official."

gives the competent fellow for reap-
ing his just reward.

MIKE'S GHOST WAS TOO MUCH FOR SCHNELL

St. Louis, Mo., Nov. 10.—Adolph
Schnell has come home to his mother,
Mrs. August Schnell, and has filed
suit for a divorce from Lillia Tramp
Schnell, with whom, he alleges, he
lived in Kansas City until spirits
drove him out.

In his petition Schnell says that his
wife's devotion to spiritualism and
her strange antics as a trance medi-
um made it impossible for him to be
happy with her. She remained in
Kansas City when he came to St.
Louis.

Schnell said he tired of the invis-
ible company of Mike Conroy, his wife's
"chief guide," and her three familiar
Indian spirits, "Red Feather," "High
Horse" and "Red Wing."

"When a man goes from his office
to his home at night, he wants to
rest," said Schnell. "I would get in-
to my first sleep, and suddenly, my
wife would begin to yell. When I'd
ask her what was the matter she'd
say:

"Mike Conroy is here. He wants you
to get up and talk to your grandfath-
er's spirit."

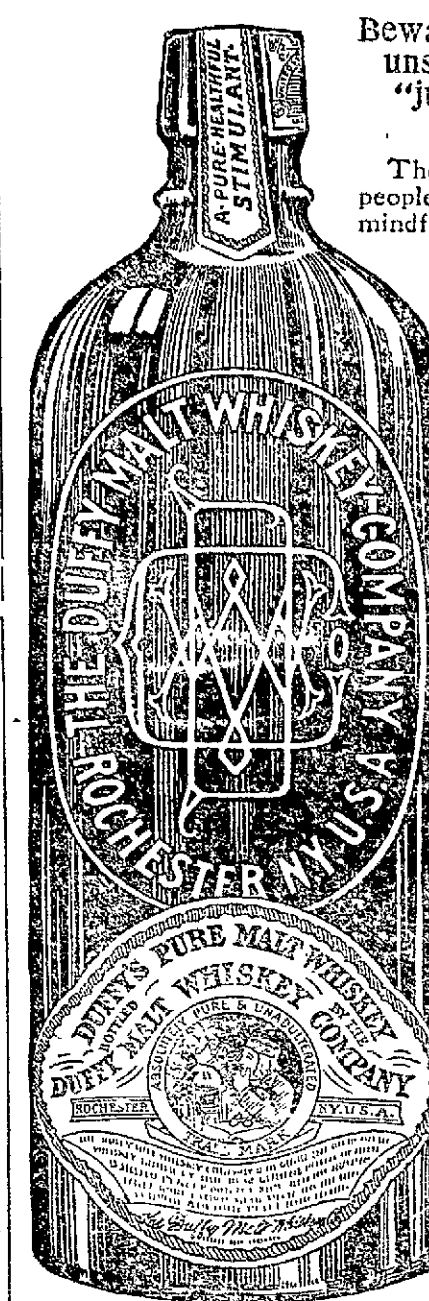

"It wasn't any use for me to kick.
I just had to do it. When Mr. Conroy
had control of her she would talk in
a rich Irish brogue and keep asking
me if I could not see my grandfather
standing over by the chiffonier."

"When she wanted to come out of
a trance she would send me to the
kitchen to get a drink of water for
Mike Conroy. I couldn't see Mike,
but she said he was there. When I'd
bring the water she would drink it and
say it made Mike Conroy feel better.
It was too deep for me.

"She used to get me up at all hours
of the night to run errands for Mike
Conroy. She never told me just who
Mike Conroy was.

"I lost so much rest entertaining
Mike Conroy and the three Indians
that I couldn't stand it any longer."

AEROPLANE SERIES.

The Big Horn District as described in
the sixth book of the well-known
AEROPLANE BOYS series by Ashton
Lamar, will prove of great interest to
boys of all ages, and BATTling THE
BIG HORN is undoubtedly a novel presen-
tation of the possibilities of sport-
ing aviation. BATTling THE BIG
HORN is full of accounts of the won-
ders of "hunters' paradise," and the
details of the hunting and fishing are
accurate. The real glory of the tale
surrounds Husha the Black Ram, nick-
named "Old Baldy." He fights to his
last breath, but he does not meet his
death in the usual way, as the boys
have the "buck argue" and never fire
a shot other than the snapshot of a
camera. The book is illustrated. Price

This Girl Recovered from Consumption

The makers of Eckman's Alternative, which is doing so much good for Consumptives, are continually in receipt of really wonderful reports of cures brought about solely through the use of this medicine. These reports are always at the command of anyone interested, and many of the writers in their gratitude have suggested that like sufferers write direct and learn what it did for them. Here is one specimen:

"Gentlemen: Pardon me for not writing sooner, but I wanted to see if I would stay cured. I can now truthfully say I am perfectly well. Never felt better in all my life. I wish to express my heartfelt thanks. I never have any pain, no cough, no night sweats, no hay-fever. Since a child of two years I have been ailing with lung trouble, which grew worse as I grew older. At the age of fourteen the doctor said if I could not be sent South, I would surely die of Consumption. Every winter I would be sure to have either Bronchitis, Pleurisy, or Pneumonia. I had Typhoid-Pneumonia one time. I had catarrh of the stomach and bowels and had Hay Fever for the last few years; but have not anything of the kind this year. I will answer all letters sent to me, asking a history of my case, from any one suffering from lung trouble."

On Thursday evening the Men's Organization of the Trinity Episcopal church held one of the enjoyable suppers and smokers at the church. A delicious menu of several courses was prepared and served by the members of the Trinity Sewing club and places were laid for fifty-two diners. Following this a smoker and social session was held. A number of interesting talks were given by the members

of the organization and Mr. W. O. Frohock of the Frohock Furniture company of Columbus was the special speaker of the evening.

The Trinity Sewing club will be entertained this afternoon by Mrs. Carl Dayton at her home in North Fourth street.

Sullivan and Mr. George Kureth; second prizes Mrs. B. Reilly and Mr. Harry Boner. After the prizes were awarded refreshments were served.

WATTY LEAVES OHIO STATERS

Columbus, Nov. 10.—At the annual meeting of the Ohio State League magistrates held this afternoon, President W. H. Watkins of the Springfield club, made application for permission to withdraw from the league for the purpose of taking Newark's franchise in the Central League. It is thought the remainder of the session will be devoted to financial matters and routine.

Genoa Ramekins. From a stale loaf cut slices an inch or more in thickness and trim off the crusts. Fill them in buttered patty pans or in a baking dish. For four slices, make a custard with one pint of milk, two eggs and one-quarter of a teaspoonful of salt. At intervals bake the bread with this until it has absorbed as much as possible. Over it spread a layer of grated cheese, a half inch or more in thickness. Stand in a moderate oven until the custard is set and the cheese melted and slightly browned.
Cold Prune Pudding. Pick over a half pound of nice prunes, wash well in warm water, drain and soak over night in sufficient cold water to cover; cook in a double boiler until very soft, sweetening to taste when two-thirds done. Set aside until cool enough to handle, then remove the pits. Measure the syrup adding water, if necessary, to make one pint. To this add one-half of a cupful of fine tapioca, soak for ten minutes, then cook in the double boiler until clear. Add the well beaten yolks of three eggs, cook for a moment longer, take from the fire, add the prunes, cut fine and turn into a deep buttered dish. Whip the whites of the eggs to a firm meringue with three tablespoonfuls of sifted powdered sugar and a few drops of vanilla. Heap over the pudding dust thickly with powdered sugar and place in a moderate oven long enough to brown. Set aside and serve very cold.

HELPFUL HINTS

ON HAIR HEALTH

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in Newark only at our store.—The Rexall Store, F. D. Hall, 10 North Side Square.

VOICE RESTORED BY HYPNOTISM

Brooklyn, N. Y., Nov. 10.—After he had been deprived of his great asset—the power of speech—for more than four years, David Newell Shuter, a widely-known lawyer, regained his voice by means of hypnotism.

Mr. Shuter, who is now associate counsel for a druggists' syndicate, lost his voice while speaking for the Initiative and Referendum League at Portland, Ore., nearly four years ago, and had consulted physicians in San Francisco, Los Angeles, and Yuma, Ariz., and in other western cities, all being unanimous in the statement that the power of speech was gone forever.

The hypnotist who is credited with the cure said today that Mr. Shuter lost his voice through nervous shock, probably the result of a nightmare. An examination had shown that there was no organic disorder, and that it was merely a case of paralysis, due to shock. He decided, therefore, that the case was one for hypnotic, rather than medicinal treatment, and set to work accordingly.

After the first treatment, which was given about two months ago, Shuter showed signs of being able to articulate. He improved rapidly from that time and today his voice shows the same power it possessed before he was afflicted, except that the vocal chords have become somewhat weakened by disuse.

We Milk 30,000 Cows Per Day

Dear Madam—

Think what that means—30,000 cows for folks who want Van Camp's Milk. This city is filled with its users.

We have dairies in seven states—each in the heart of a great dairying section. They are stocked with Holstein cows. There is no finer milk in all the world than comes from these model dairies.

And it is germless milk—utterly sterile. Children can drink it without thought of infection.

Waterless Milk

Close to each dairy the milk, fresh from the heart of a great dairying section. They are stocked with Holstein cows. There is no finer milk in all the world than comes from these model dairies.

And it is germless milk—utterly sterile. Children can drink it without thought of infection.

Put back the water and the milk is the same as it came from the cow, save for the sterilization by heat.

Thick as Cream

The milk comes to you 28 per cent solids, 8 per cent butter fat. It is so thick and rich that folks always dilute it, even for cereals and coffee.

In cooking, it gives to milk dishes twice the richness and flavor of the average milkman's milk. That's because milkman's milk separates. When it gets to the cooking it is rarely more than a half-milk. And Van Camp's is the whole-milk. You'll be amazed at the difference.

No Waste—No Waiting

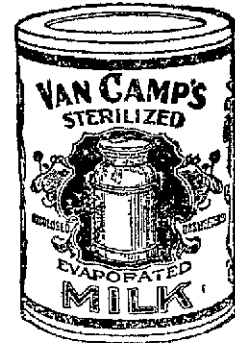

You can buy, if you wish, a month's supply at a time. Then you have milk and cream of the highest grade ready all the time. And none is

left over—none goes to waste. An opened can will keep till you use it up.

Milk costs less than the milkman's. We save you the cost of the daily delivery. And we save you all the waste. In the average home the use of Van Camp's cuts milk bills right in two.

It is nothing but habit—the milk wagon habit—which keeps anyone from using this milk. If you once learn its economy, its convenience, richness and purity you will never use other milk.

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. That's with two-thirds the water evaporated. Your grocer gets it direct from our nearest dairy.

PREPARING FOR THE TRIANGULAR DEBATE

The triangular debating league, composed of Newark, Mt. Vernon and Zanesville High schools, are already preparing for the series of interscholastic debates, which will occur during the coming winter season. The subject which will be debated upon is: "Resolved, That Each State in the Union Should Enact Laws, Establishing Compulsory Arbitration of Labor Disputes, Constitutionality Granted."

A preliminary debate, which selects the teams which discuss the question in March, will be held in the local high school within a few weeks. At Mt. Vernon this debate will be held Dec. 6. The date in March for the final debate has not been decided upon and the team which will represent the local school will not be selected until after the preliminary debate.

FIVE TEAMS TIED IN SIX DAY RACE

Buffalo, N. Y., Nov. 10.—When the riders in the six-day races at the 74th Armory left the track early today, after eight hours of sensational riding, five teams were tied for first place with 722 miles laps. Three other teams had a lap less to their credit while Pedlar Palmer, of Australia, and Chas. Stein, of Brooklyn, comprising the Australian team had cracked in the 27th hour and were out of it. Palmer was taken suddenly ill and Stein decided to give up the race. John Bedell, Peter Drobach and Jackie Clarke were compelled to forfeit a lap they have gained when the referee declared they stalled in a sprint. Folger and Stein were each fined \$5. The final mile went to Eddie Root of Boston, J. Bedell, Long Island, second; Martin Ryan, Newark, N. J. third. Time, 2 1/2 hours.

Score and 32nd hour:
Root Folger, 722 miles, 6 laps; Bedell-Bedell, 722 miles, 6 laps; Ryan-Carlake, 722 miles, 6 laps; Drobach-Pye, 722 miles, 6 laps; Clarke-Hill, 722 miles, 6 laps; Demala-Lawrence, 722 miles, 5 laps; Joku-Jones, 722 miles, 5 laps; Wells-Collins, 722 miles, 5 laps; Palmer-Stein, (withdrew), 595 miles.

REPUBLICANS CLAIM THE LEGISLATURE

Santa Fe, Nov. 10.—Although they still concede the election of W. C. McDonald, Democrat, to the governorship, Republican leaders today claimed an overwhelming Republican legislature and at least part of the state ticket. Returns coming in from isolated counties last night and today, put a somewhat different phase on the outcome of Tuesday's election. Yesterday everything appeared to be Democratic, but today Republicans claim they will save many of their candidates. If they succeed in getting a majority in the legislature it will mean that they elect two United States senators.

P. KEARNEY PASSES AWAY AFTER A SHORT ILLNESS

Great big hearted, generous, jovial Dennis P. Kearney is dead, having passed away at his home, 139 South Sixth street, Thursday night, at 11:45 o'clock, after an illness of only a short time of neuralgia of the heart. Mr. Kearney had been in poor health for some time past, and was almost totally blind, but no serious outcome was apprehended, and his death came not only as a shock to his immediate family but to his numerous friends throughout the city. Thursday he was feeling unusually well and had more his natural self than he had been for some time. He is survived by his widow, Mrs. Margaret Kearney, and daughter, Miss Emeline, who lives at home.

The funeral will be held Sunday afternoon at 2 o'clock and the interment will be made in Mt. Calvary cemetery.

Dennis P. Kearney was born in County Kerry, Ireland, 66 years ago, but up to the time he was 25 years old he lived in London. He then came to the United States and settled in Newark, where he has resided ever since, respected and highly esteemed by all who knew him, and they were many.

When the Baltimore and Ohio railroad shops were built here early in the seventies he secured a position in the roundhouse, which he held for 35 years.

In 1875 he was married to Miss Margaret Hickey, a well known young woman of this city. From this union one daughter was born, Miss Emeline Kearney.

The deceased was a faithful member of the St. Francis de Sales church and was also a member of the Knights of Columbus and the American Insurance Union.

The bereaved widow and daughter have the sympathy of all their friends in their sorrow.

Duluth Minn., Nov. 10.—John Remark of Deer River, Minn., was killed and Charles Lindahl severely wounded while hunting at Bow Spring lake. They were dressing a moose when fired on by other hunters, who evidently mistook them for game.

WHY I LOST MY JOB

Reasons Why Thousands Like Me Cannot Satisfy Their Employers.

I believe my fate is not unlike that of thousands of other workers who daily lose their places for reasons they do not know, and probably would not believe. When their last pay envelope comes along, it is usually, "Your services are no longer required." If the truth were known the reason for their unceremonious removal would probably be that their usefulness was destroyed, because of some mental worry, bodily ailment or general indisposition. These things, as we all know, are the most fruitful causes of failure in all walks of life. The battle of Waterloo was lost because of a headache. In this quick age our minds must be clear, rapid, active and free from outside influence or worry, or else we go down to failure with the wrong of "floaters" who go from one place of employment to another, giving no satisfaction to others or to themselves, constantly growing older and less useful, with no ambition, no will power, and no hope.

Every man requires a good, every other man the best that is in him. But no man can use or get the best that is in himself until he is first free from all fretful indispositions and worries.

That was my trouble. I was full of troubles. That's why I lost my job. My stomach in the first place was always out of order, and I was worrying about it, and my mind grew cloudy and slow. I made mistakes, and grew grouchy. That was the end.

There are thousands like me, going about with quick lunch faces, dyspeptic manners, and repulsive atmospheres. No employer wants such men's services.

Take my advice. A healthy stomach is half the battle, for it keeps your mind clear and your face rosy. I have a healthy stomach now and hold a good position, and my employer is satisfied and so am I.

I started to take Stuart's Dyspepsia Tablets, which I was told were good for the worst cases of indigestion and dyspepsia. The first two tablets made a wonderful difference in my condition.

One ingredient of Stuart's Dyspepsia Tablets digests 30,000 grains of food. The stomach doesn't have to work at all. The Tablets do all the work, no matter how heavy your meal.

Stuart's Dyspepsia Tablets cure brash, eruptions, burning sensations, bloating, irritations, loss of appetite, nausea, heartburn, lack of energy, loss of memory and dyspepsia and indigestion in their very worst forms.

No other little tablets in the world can do so much. You should carry them around with you wherever you go and take them regularly after meals. Then you will realize what it is to be free from stomach torment and have a clear mind, a quick memory, a happy disposition, comfort and rest. Get Stuart's Dyspepsia Tablets at any drug store for 50c a box.

Send us your name and address today and we will at once send you by mail a sample package, free. Address P. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

WHY

"1892" Pure Spun Aluminum Kitchen Ware

Is Better Than Agate or Enamel

Because it is sanitary and saves your money, time and health. The genuine spun aluminum ware, stamped with the Maltese Cross, will outlast any other cooking utensils and is guaranteed by the makers for twenty-five years.

It is pure, wholesome and hygienic—no danger of metal poisoning—cannot chip into the food, because pure SPUN Aluminum expands with the heat and will not crack, scale or peel like the old style ware.

Enamel ware is iron coated with colored glass. Heat causes the glass to chip off into the food in minute particles, which, taken into the stomach, is apt to cause serious troubles, including cancer, according to some medical authorities.

"1892" Pure Spun Aluminum Ware is made from solid Aluminum throughout—no coating of glass—and expands uniformly under heat. It cannot crack, scale, peel like the out of date enameled utensils; it does away with all possible danger from this source.

You owe it to yourself, and to every member of the household, to give this new and better kitchen ware a practical test. If it fails to do what is claimed for it, you get your money back without a quibble or a cross word.

DENISON IN THE NEW BOOKLET OF BOARD OF TRADE

Election of Officers for Star Lodge at Granville—News of a Busy Little Burg.

Granville, Nov. 10.—The Denisonian says: "The Newark Board of Trade of 650 members, of which C. H. Spencer, D. U., '92, is president, has now in preparation a booklet advertising the city. It is a sixty-four page affair, made up in attractive style with excellent views throughout. One page is devoted to Denison University, giving about a dozen views of the campus and buildings. The note reads as follows: 'Denison University, six miles from Newark by trolley, has an enrollment of 650 students. The buildings, equipment and endowment represent an investment of \$1,300,000. Denison has all the advantages of the large eastern colleges, and none of the disadvantages.' The circulation of the booklet is expected to reach 10,000 and should do much toward spreading abroad the good work of Denison."

At the last regular meeting of Center Star Lodge, No. 11, F. and A. M., the following officers were elected for the ensuing term: W. M., J. E. McGraw, S. W., M. E. Stickney; J. W., Charles W. McLees; S. D., John Gough; J. D., C. J. Wright; treasurer, L. A. Austin; Tyler, John DeBow. A special meeting of the lodge will be held this Friday evening, when there will be work in the third degree.

Owing to the fact that a large number of cases of scarlet fever have developed in the village, the lower rooms of the public schools have been closed until Monday, November 20. For the same reason the picture show closed Thursday night indefinitely, and until further notice there will be no Sunday school in the primary and intermediate departments of the several churches.

The Denison football team left Friday afternoon for Cincinnati, where it will play the University of Cincinnati Saturday.

A meeting of the W. C. T. U. was held Friday afternoon at 2 o'clock. There was a good attendance of the members and a fine program embracing the transaction of considerable business of importance, was carried out. At the conclusion of the session a meeting of the executive committee was held.

There will be a meeting of the Pioneer Mending Bee at the home of Mrs. Gilpatrick on Thursday afternoon, November 16.

A J. Cada, a well known farmer, residing a short distance north of Gran-

ville, husked 610 bushels of corn in six hours with a corn husker. That is going some and it is said breaks the record in Licking county.

A special meeting of the Granville Council was called to meet Friday afternoon at 12:30 o'clock for the purpose of transferring money from the general to the sinking fund.

Mrs. Alice Brooks and daughter, Mrs. M. C. King of Pataskala, are stopping at the Buxton House, where they will spend the winter. Mrs. Flora McDaniel of Afton, Iowa, is expected to be here in a short time and will spend several months at the hotel.

Mr. and Mrs. H. C. Billman and son, Thoma, of Bucyrus, who have been visiting in the east for a week, passed through the village Thursday enroute to their home.

IMPROVEMENTS OF GROUNDS OF HARTFORD FAIR

It looks as though there was going to be a revival in the interest of the Hartford fair, that for many years ranked as one of the best country fairs in Central Ohio, outside of the regular county fairs. Hundreds of Newark people attend the fair every year and they will be interested in learning that the horse stalls on the grounds are to be rebuilt and put under a galvanized iron roof this fall. The race track will be widened by scraping it out to the original inside line and thereby bring it to the proper length, one half mile.

At a recent meeting of the board the following directors were elected for three years: John Fry, Porter township, Delaware county; B. T. Coe, Milford, Knox county; W. D. Hatfield, Beaverton township, Licking county; J. G. Case, Hartford township, Licking county.

FIGURES PROVE THAT WOMAN IS HOME WRECKER

Chicago, Nov. 10.—Woman, not man, is the principal home wrecker. You wouldn't believe it, at least if you shun court-rooms, where they keep cold figures on the subject.

According to Joseph E. Bidwell, Clerk of the Circuit Court, here is what the figures show. About 90 per cent of the divorce suits now in the court are brought by wives and the same ratio of them are brought for trivial causes, including incompatibility and such trifles as are not considered an infraction of the moral or civil laws.

Also in Cook county it is found that while 90 per cent of the suits are brought by women the other 10 per cent are instituted by men based on charges of desertion, immoral conduct and similar delinquencies. Men are shown as long suffering, for the average duration of married life where the husband is the plaintiff is found to be twice the length of time shown by the suits where the women are the plaintiffs.

Women, the statistics show, seem to have less regard for their children, for the cases in which women have applied for divorce usually reveal three children in the family, whereas the suits brought by men usually have only one child.

Incidentally mothers-in-law are found, according to the same statistics, to be much maligned. The mother-in-law is found to sympathize with her son-in-law and daughter-in-law as often as she does with her own child. But the real evil of the divorce court is the gossip woman—she is more of a menace to the marital community than all the mothers-in-law or fathers-in-law or bad husbands or recalcitrant wives in the land.

The marrying in haste nuptials last about as long as the marriages preceded by long courtship and the Catholics, who make about 20 per cent of Chicago's population, appear in about only 1 per cent of the divorce suits.

FATHER OF LEW FIELDS DEAD.

New York, Nov. 10.—Too late to see their father, S. Fields, alive, Lew Fields and two brothers arrived in New York today after a hurried journey from Chicago. Mr. Fields died two hours before his sons arrived.

Lew Fields was playing in the Hen Traps in Chicago. The theatre has been closed for the present.

DON'T SAY YOURE OLD

You Can Feel Younger by Keeping Up Your Strength.

It is a mistake for elderly people to let themselves think they are getting old.

What if you have had 60 or 70 birthdays? You can keep your mind young and active, and you can also feel younger than your age if you guard your bodily strength.

Mr. George B. Smith, aged 71, of Smithville, Ont., says that Vinol cured him of a case of stomach trouble of long standing, and that he now feels as strong and can do as good a days work as he did thirty years ago, which he owes to Vinol. "I think it is worth its weight in gold for any ailment of aged people," says Mr. Smith.

This delicious cod liver and iron preparation without oil strengthens and invigorates all feeble, run down people, and is the mainstay of thousands of old persons who say it has prolonged their lives. We guarantee that Vinol will do all that we say, and pay back your money if it does not. F. D. Hall, druggist, Newark, Ohio.

JOHNSTOWN ITEMS

Mrs. Clyde Ross Badly Burned—Death of Mrs. Harris Peck—Street Paving—Personals.

Johnstown, Nov. 10.—Mrs. Mary Barwick has greatly improved her property on South Main street by raising the residence and filling the yard.

The play given by the Presbyterian Ladies' Aid society Friday night was a success. The proceeds go to the building fund. The edifice itself seems to progress slowly.

It is said that the planned street paving will be completed before the weather stops the work but it looks doubtful.

Many friends are mourning the death of Mrs. Harris Peck, a woman loved by all who knew her.

While doing her Saturday baking, Mrs. Clyde Ross burned her right hand severely and the right side of her face slightly. She was using both ovens (hot plate and cook stove) and when opening one oven door the tube connecting the hot plate to the gas pipe came off. The gas ignited and would have caused more serious damages but for her presence of mind in shutting off the gas in spite of flame and pain.

Mr. Alvin Kasson, who has been visiting his sisters, Mrs. Reed and Mrs. Butt, returned Friday to his home in Centerville. Mrs. Reed is suffering from a cold and Mrs. Butt

from injuries received by falling down stairs.

Mrs. Derolph has a severe case of tonsillitis.

CLAIMS WILLETT PAID \$40,000 FOR JUDGESHIP

New York, Nov. 10.—That "Bill" Doyle, a member of Boss Joseph Cassidy's political club told him that Willett's political club told him that Willett, Jr., a Tammany candidate for a supreme court judgeship from Brooklyn, paid "more than \$10,000 for his nomination," was the sworn statement today of Edward Brady, one of the most active Cassidy men. The startling statement was made during the hearing of the John Doe proceedings in which District Attorney Whitman is trying to ascertain if huge sums of money were paid out for judicial nominations.

WILL PROSECUTE THE SCHOOL PRINCIPAL

Coshocton, Nov. 10.—Prof. Willard Bell, principal of the Keene schools, will be compelled to explain in court his reasons for leaving his school in charge of 14-year-old Russell Elliott while the professor went out on election day to garner votes for himself as a candidate for township clerk. During his absence the Elliott boy who was left in charge of the school, so severely whipped Russell Bible, aged 8 years, that he was unable to attend school Wednesday and was under the doctor's care. The family will prosecute.

AND OLD-TIME REMEDY THAT DARKENS THE HAIR

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

HUNTED DUCKS FROM BALLOON ABOVE CLOUDS

St. Louis, Mo., Nov. 10.—Lieutenant H. E. Honeywell, veteran balloonist, who has returned from Kansas City, tells an interesting story of an impromptu and unprogrammed wild duck hunt which his balloon party made in the air Saturday.

"George W. Myers, president of the Kansas City Aero club, E. H. Thompson, John Watts and myself made an ascent," said Honeywell.

"We were more than 1000 feet above the clouds, which were driving rapidly northward under the influence of a 30-mile-an-hour wind. The sun was shining brightly as we started to descend through them.

"As we passed through the cloud strata we encountered a flock of ducks which were making frantic efforts to gain headway against the clouds in their southward course.

"The ducks were apparently blinded by the mist, for they ran head-on into our balloon and became tangled in the shrouding. They flapped wildly and fell into the basket. We caught many of them when they fell and managed to kill 11 of them before we passed through the flock.

"We landed near Carrollton, Mo., a distance of 90 miles from our starting point."

LINCOLN TEMPLE

(Continued from Page 1.)

a common sense view of the needs of the army which makes his letters models of strategic suggestion.

"In the outset Mr. Lincoln encountered the difficulties that fall to the lot of any responsible head of a government; difficulties which are intensified by the greatness of the issues at hand, but which all have the same characteristics when they arise from the overzeal of moral reformers. Those who wished slavery abolished felt toward Mr. Lincoln a greater degree of hatred and contempt during the two years of his administration than even the rebels themselves. Brooking no delay, accepting every excuse as a mere pretext, they pounced upon Mr. Lincoln with emphatic denunciation and bitter attack, but the knew better than they what was necessary before he took the step of emancipation they were suppressing.

"He knew better than they the loss of support he would suffer in the border states. He knew better than they that he must delay until the emancipation proclamation could be issued, not to break up slavery, but to effect a constitutional amendment only for military reasons and with military purpose, and so he bared his breast to the shafts of criticism from this most important element of the Republican party and waited. No man in public life was ever so much abused as Lincoln. The contrast between his position in history today and the description of him by his friendly critics during the civil war can hardly be credited.

"The great reason for the present memorial is the constant reminder it furnishes of the unexplained and unexplainable growth and development from the humblest and homeliest soil of Lincoln's genius, intellect, heart and character, that have commanded the gratitude of his countrymen for the good he worked with them and awakened the love and devoted admiration of a world."

Special trains from Louisville, New York and other cities brought large crowds to pay their tribute to the memory of the martyred president.

Former Governor Joseph W. Folk of Missouri, president of the Lincoln Farm Association, presided, introducing President Taft, who spoke for the nation; Governor Augustus Wilson of Kentucky, who spoke for Lincoln's native state; General John C. Black, former commander-in-chief of the Grand Army of the Republic, who spoke for the soldiers of the South. Senator W. E. Borah of Idaho delivered an address on "Lincoln, the Man."

Clarence J. H. Mackay, treasurer of the Lincoln Farm Association, spoke of the work which has been accomplished by this organization.

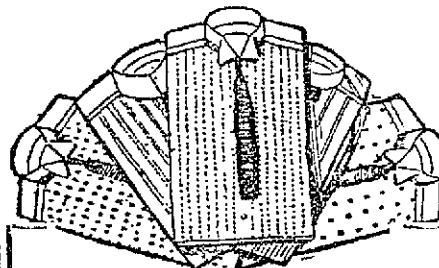

"It is the gift of both the affluence and the lowly," said Mr. Mackay. "It has come from a gift of \$25,000 from one and from many thousands like the good woman who sent me 30 cents for herself and seven children, and the two miners, who, from their Alaskan diggings, sent me \$10 in gold dust. The association has raised a total of about \$353,000. The memorial is paid for and an endowment of \$50,000 set aside for maintenance. There is little else to say. It is a simple, direct tribute of a grateful people to the memory of a great American."

With the close of the exercises at Hodgenville President Taft and his party continued on their trip to Nashville and Knoxville, Tenn. The president's tour will be brought to a close in Washington Sunday morning.

GETTING TEAM IN SHAPE FOR GAME

Granville, O., Nov. 10.—Coach Livingston is counting on taking a team to Cincinnati, Saturday, that will wipe out the memory of last year's defeat. He now has five first string ends in condition and is greatly pleased with the showing of Morris, who was one of the flankers in last week's game. The list of injuries is rather long. Wickenden, at full-back, has a couple of broken tendons in his ankle, which may keep him out of play. If such is the case, Dunlap will sub for him. Captain Rupp is in fine condition and is playing the game of his life. In a scrimmage yesterday his punts were all good for forty yards, and on line and trick plays, he was right on the job. At quarter-back Deeter has shown a great deal of class.

The Columbus Dispatch says: "Jack Means, who officiated in the Otterbein-Deisen game last Saturday, thinks mightily well of the play of Captain Rupp of Denison, at half. As a smashing and intelligent player, he believes he is worthy of much consideration."

Lapel buttons and watch tobs in place of service stripes are hereafter to be worn by men on the Santa Fe. These devices will bear an emblem in the form of a circle enclosing a Maltese cross, the color of the background indicating their length of service with the company.

VETS SURPRISE COMRADE LISEY LAST EVENING

Mr. Fred Lisey, the well known commission merchant of this city, who is one of the most enthusiastic members of the local camp of the Union Veteran Legion, was the recipient of a surprise at the hands of twenty-three of his comrades on Thursday night.

Mr. Lisey is soon to leave for the Isle of Pines and as the anniversary of his birth comes in January his comrades decided to make sure of celebrating the event while he was here to participate. Accordingly his comrades met at the home of one of their number and from there marched in a body to the home of Mr. Lisey, which they entered unceremoniously. Mr. Lisey, who was at home, was so surprised at the sudden invasion of his home, that for a moment or two he was unable to comprehend its meaning. But then, like the good soldier he was, he soon recovered from the shock and devoted all his efforts to the entertainment of his guests. The evening was most delightfully spent in relating incidents connected with the war, listening to excellent music, and the discussion of a fine supper, prepared by the daughters of Mr. Lisey.

At the conclusion of the supper, Col. Charles H. Kibler, on behalf of those present, in a neat and appropriate talk, presented Captain Lisey with a handsome gold mounted watch fob, handsomely engraved with the shield of the Veteran Legion on one side and the initials on the other. Mr. Lisey responded in a feeling manner, thanking the donors for the token of esteem and assuring them all that he would ever treasure it as one of his choicest possessions.

The comrades that were present and participated in the pleasures of the evening were Captain Fred Lisey, Col. Charles H. Kibler, Col. W. A. Granville, Col. Ben Marshall, Col. W. A. Lovett, Col. George Ball, Col. M. O. Nash, Col. Joseph Avery, G. W. Darling, George L. Wells, Capt. John Hiser, Comrades Wilder, Ben Brunner, J. R. Haas, Edward Barrett, John Ryan, Marion Crisman, George Rugg, Samuel Wagner, Johnson Haughey, Comrades Frederick and Goodrich of Granville, and Col. Wyly.

AMUSEMENTS

What the Press Agent Says

"Buster Brown." Much has been said about the American girl. Nearly every daily paper compares the American girl with those of foreign countries, while the Sunday editions show photographs of foreign and American beauties, but distinctly state that they are incomparable in many respects and the principal one is the American girl's views on matrimony. Miss Louise Allen, the dainty and saintly looking little lady plays the role of Mary Jane, with the Buster Brown Co., which comes to the Auditorium Wednesday, Nov. 15, Matinee and Night.

WHEN A TONIC IS REQUIRED

Headaches, Backaches, Loss of Weight, Lack of Appetite, Energy and Ambition, Indicate the Need of a Blood Builder.

When the health is run down from overwork, overstudy, or any other cause, a good tonic is needed.

But sometimes what is mistaken for simple debility is a symptom of a more serious disorder, anemia perhaps, or a breaking down of the nervous system. By taking a tonic that is also a stimulant for many disorders of the blood and nerves the threatening disease may be prevented. Such a remedy is Dr. Williams' Pink Pills for Pale People, a blood-building and nerve-strengthening tonic that has cured many cases where other medicines had been tried without benefit.

The case of Mrs. Charles A. Joy, of Ellsworth, Pa., shows conclusively the value of these pills as a tonic for all run-down conditions. She says: "I was sick for nearly a year and the doctors said I was run down and that my blood was in poor condition. I think the trouble was due to overwork. I felt tired out all of the time. I didn't have a very good appetite and didn't eat much. I had a great deal of heart ache in the back of my head. It was more noticeable whenever I lay on my back. My hands used to get quite numb, I lost in flesh and had to be easy on myself."

"I was treated by doctors for several months but they didn't cure me. Then my mother had me try Dr. Williams' Pink Pills for Pale People. I hadn't taken them long before I began to have been quite well since. I have used the pills in my family a good deal and think very highly of them."

Dr. Williams' Pink Pills have also cured anemia, chlorosis, after-effects of the grip and fevers and should be used wherever a tonic for the blood and nerves is needed.

The pills are sold by all druggists, or will be sent postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y. A valuable booklet, "Diseases of the Blood," containing fuller information will be sent free upon request.

play, "The Old Homestead" has perennial popularity. It is strongly evidenced by the fact that this is the twenty-sixth annual tour of the play, and their friends seem to increase in numbers instead of lessening.

There are innumerable scenes in the play that come home to all, and anyone who has ever tasted the delights of rural life cannot fail to appreciate the remarkable touches of nature embodied in this New England idyl. Joshua Whitcomb himself is plicity, confiding, sympathetic and brave, a character so cheery and so wholesome that he brightens every shadow and lightens every other's burden.

The "Old Homestead" will be at the Auditorium Theatre, Monday evening, Nov. 13.

The Orpheum. Mattie McIntosh and her picks, opened at the cozy Arcade Theatre yesterday to three crowded houses and literally took them by storm. Miss McIntosh is a very clever lady and opens her act with a song which is heartily applauded, and during the entire number her "picks" dance with grace and ease that won them instant favor, but when the boys get to work in earnest they offer a line of dancing that is rarely seen in vaudeville. Judging from the applause they receive, it seems that their audiences would never tire of them. Miss McIntosh is always near and lends a certain dash and enthusiasm to the act that makes it fascinating. All their song numbers are new and catchy and they know just how to present them to make them striking.

Dixie Devere is a very pleasing little miss with her singing and violin specialty. All her violin selections win her much applause. Grace De Armond and Company in a comedy sketch, are great favorites and have as pleasing and entertaining a little sketch as has been seen in the Orpheum in many a day. "The Golden Rule" will please you all. While there is a pretty story connected with the sketch yet it is presented in such an odd way that it will keep you laughing throughout. Vertner Saxon in a character singing specialty is to be given much credit for his share of the entertainment. He has a beautiful voice, and makes a fine appearance. As a yodeler he is hard to beat. He is a very important part of the excellent bill, which is being presented the last three days of this week. The Orpheumscope has a good picture which can be enjoyed by all.

INCREASE WEIGHT QUICKLY.

Simple Way for the Thin and Pale to Be Plump and Rosy.

Samose can hardly be termed a medicine. It is in reality a flesh forming food. Taken before or after meals it mingles with the food you eat, enables it to assimilate and readily digest, so as to make rich blood and pleasing plumpness.

After Samose has been used a week or ten days a noticeable gain in weight is seen. The sallow complexion will become rosy, the sunken cheeks will have a ruddy glow, the eyes will be bright, the breath sweet and the step elastic.

W. A. Erman & Son's customers have told them of the remarkable results following the use of Samose, the great flesh forming food, and they are so thoroughly convinced of its reliability that they are selling it under their personal guarantee to refund the money if it does not do all that is claimed for it. You who are thin and in poor health cannot afford to let another day pass without getting a 50c box of Samose on those terms.

TABLE GLASS HOW TO USE IT

Very Interesting Handbook Just Issued by the Heisey Co., Newark Manufacturers.

A. H. Heisey & Company have just issued a most effective and interesting booklet—the story being told in the title page—"Table Glass and How to Use It—A Handbook for the Hostess."

In the first place, the book, which is designed with skill and beautifully printed, shows a large number of the hundreds of designs of Heisey glass, especially fitted for service in the home. Then the writer tells something of the origin of glass-making in Egypt, back in the 15th century, and gives a little historical sketch. This is followed by "Every-day Essentials," telling the right kind of article to use for different purposes in the home.

Most women give careful thought to their linen and china, but how woefully the glassware is neglected! Beautiful, crystal-clear glassware of uniform design and attractive shape adds the finishing touch of refinement and good cheer to the banquet or the simple home meal. The housewife too frequently neglects this feature.

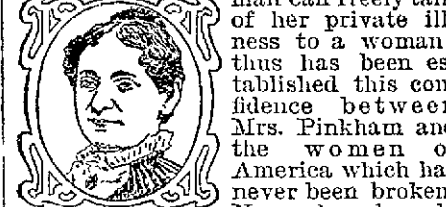

As a matter of fact, only a comparatively few women really know how to use glassware. They do not know how to select the proper glasses for oyster cocktails, for sherberts, for punches, for wines, and even for lemonade and water. The brightness and refinement added to a table by glass candlesticks, vases, etc., are entirely overlooked, and the sanitary features of table utensils ignored. It is just the information that is needed that the Heisey booklet supplies. Thousands of these books have been printed and will be widely circulated. Every one of them is a splendid advertisement for Newark and one of its most prominent institutions, the Heisey glass factory.

CHILD'S REMARK SOLVES MURDER AT BEDFORD, IND.

Bedford, Ind. Nov. 10.—Doris Hamilton yesterday made a confession clearing up the first bit of mystery surrounding the killing of James Mitchell, suspectedly corroborating the story told by Lola Sutton, as if the little girl's mother, Lola Sutton, also had confessed the part she had taken, charging Jacob Pultz and Olive Younger with the murder. She implicated Charles Mitchell who has attempted to prove in court that the innocent contact with the crime shed in the money about \$57. Three blood-stained robes have been found and are in possession of the police.

The clearing up of the mystery that surrounded the crime is due to a chance remark of Lola Sutton, who said: "I know the man, while in the care of a neighbor and her mother's street. No time is lost in getting the little one to the police station where further details of the crime were later divulged."

The child was supposed to be in bed asleep, but she overheard the plotting of the murder.

HUSBAND WAS IN JAIL WHILE WIFE'S FUNERAL WAS HELD

Cochecton, Nov. 10.—Complying with the request of Mrs. William Gaskill, made on her deathbed, her husband was kept in the county jail as the last sad rites were performed at the home and grave. Gaskill was arrested for failing to provide for his children. The day of her death she said to the watchers at her bedside: "I never want him to look on my face again. Keep him in jail during my funeral and make him provide for my children after I am gone."

At the open grave her little children, aged 6 and 8 years, refused to leave until the earth had covered the casket. "Bury her deep," hisped one of the boys, "so papa can't see her."

Gaskill was released yesterday under \$500 bond to provide for his children.
